WHAT WE DO

We run weekly groups for young people whose parents are receiving support at Tavistock Relationships

“I liked meeting new people with similar experiences to me. There's no pressure to share but just being there helped.”

Meet others whose parents are in conflict. Spend time with other young people also struggling with their parents' separation

“It was so good to just speak to others who understood and didn't judge me!”

Join us for an introduction session to see if you like it! At the end of the 10 weeks you get an award and go on a free trip! Then find out more about other opportunities!
